

GOLDEN LADIES

Something in your eyes.
Emotions behind lighth.
Closing big brown eyes.
Waiting for the night.

I see the kindness in your eyes. It's not so far.
Standing here together, close and watching

Golden ladies, golden ladies, golden ladies, golden ladies, golden ladies, golden ladies, tonight

Enjoy spending nights
Just to raise your hands
Feeling nonsense times
Living in the past

A touch of wind and sunshine made the soulmate grow
Into a nice smile that's sinning

Golden ladies, golden ladies, golden ladies, golden ladies, golden ladies, golden ladies, tonight
